Profile

I want to use my analytical thinking and problem solving skills from my statistics background in the web field. I am open to innovation, eager to research and learn. I want to turn to software because of my desire to create and discover things.

Education

2017/09 – 2020/06 Eskisehir, Turkey	**Statistics** Eskisehir Osmangazi University

Professional Experience

2021/05 – present	**TURKTIPSAN A.S - Sales Analyst**

- I took on the task of analyzing sales.
- I undertook the cost studies of the products
- I assisted in logo and slogan design tasks to increase brand awareness

Bootcamp

Full-Stack Web Development Bootcamp - Patika.dev

Patika+ 2023-September & 2024-March
I am currently enrolled in a comprehensive bootcamp to launch my career as a web developer. Throughout this program, I will be
mastering the following content:
Java, Spring Boot, Git, HTML, CSS, Bootstrap, Javascript, React,MySQL, PostgreSQL

Skills

Languages & Tools
Programming Languages: Java
Database: MySQL, PostgreSQL
Tools: Intellij IDEA, PgAdmin,Visual Studio Code
Technologies: Hibernate, Spring Boot, RestAPI, Git, Github, AMPPS, Postman, JDBC, JPA, Html, Css, Bootstrap

Projects

Minesweeper Game
Language: Java
I've created imitation of MineSweeper with Java.

Tourism Agency
Languages: Java, MySQL
Features: Developed a tourist agency reservation system that facilitates hotel contract management
hotel room inventories and initialization of room reservations. This project improved my use of Java swing and my skills in seamless communication between databases and software applications.

RestAPI Project
Language: Java
Technologies: Maven, Java RestAPI, Hibernate, JPA, Postman
Features: I launched my first project using Java Spring Boot RestAPI and discovered its important role in bridging databases with object-oriented software.
I implemented a structured layered architecture, optimizing functionality and emphasizing modular design

FCODER Website
Technologies: Html, Css, Bootstrap
Features: I created it to combine the technologies used and create a product.

Languages

English
Limited working proficiency
